FY26/27 HSAC Recommendations

June 3, 2025

Background

Human Services Fund

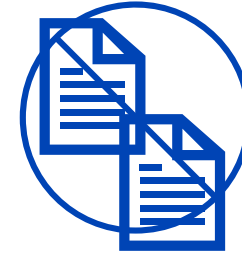

Overview

Established in 1981 to support programs and initiatives that are important to the city's health and vitality.

The intent of the Cincinnati Human Services Fund (HSF) is to leverage, develop, and scale proven strategies to accelerate progress toward community goals.

Complements, but does not duplicate, other City activities and investments.

Most Recent City Ordinance: [0036-2025](#)

HSF Partners and Roles

City Council

- Created the fund
- Sets funding priorities
- Makes final funding determination

Human Services Advisory Committee

- Reviews proposals

Process and Grant Cycle Timeline

Evaluation Process

- Proposals were screened for initial eligibility by United Way of Greater Cincinnati.
- Human Services Advisory Committee reviewed and scored applications based on a scoring rubric developed from the RFP criteria individually and in small groups.
- Human Service Advisory Committee met to discuss the application review results.
- A final recommendation of applications to fund are provided by HSAC to City Council for the determination of funding.
- Council approves funding.

General Evaluation Standards

- Strong Alignment with Service Category Goals - Applications must clearly demonstrate how the program aligns with the specific goals and priorities of their chosen service category.
- Evidence-Based Program Design with Clear Outcomes - Evaluators seek well-defined success metrics, specific achievable outcomes connected to program activities, and robust systems for tracking impact and collecting data.
- Comprehensive Service Delivery to Priority Populations - Programs should demonstrate clear strategies for serving target populations with appropriate services and show evidence of cultural competency in their approach.
- Strategic Partnerships and Collaboration - Applications should showcase strong, sustainable partnerships with complementary organizations that enhance program effectiveness through coordinated support networks.

Evaluation - Scoring

Scoring Scale

For each section, reviewers used the following 4-point scoring scale:

- **4 points:** Exceptional - Exceeds expectations with comprehensive, highly detailed response
- **3 points:** Proficient - Meets all expectations with clear, thorough response
- **2 points:** Developing - Addresses basic expectations with opportunities for enhancement
- **1 point:** Emerging - Shows initial development with areas for growth
- **0 points:** Not Addressed - Information not provided

Scoring Thresholds: **Total points - 116**

- **Highly Recommended for Funding:** points 93-116 (80-100%)
- **Recommended for Funding:** points 81-92 (70-79%)
- **Development Recommended:** points 70-80 (60-69%)
- **Additional Development Needed:** Below points 69 (Below 60%)

Applicants have the opportunity to request their scores and request feedback

Funded Programs Overview

- Funded programs were **capped at \$200,000** across all three categories. While a cap was used, there is a notable shift toward higher funding amounts per application with some applications receiving significantly larger grants.
- To ensure program sustainability grants were additionally **capped at 50% of an organization's budget**.
- **The average award amount increased by \$33,498.74, representing a 46.6% increase from FY24 to FY26.** This is a substantial growth in the average funding per successful application.

Priorities:

(set by City Council)

- 1. Comprehensive Workforce Development**
- 2. Youth Gun Violence Prevention & Reduction**
- 3. Supporting, Securing, and Stabilizing Housing for High-Risk Populations**

Comprehensive Workforce Development

Priorities and Goals of Funding

The City seeks to address critical workforce development needs by breaking down systemic barriers that prevent marginalized populations from accessing and retaining quality employment opportunities combined with the creation of sustainable pathways to employment through comprehensive support services, coaching/mentoring, skills development, and strong employer partnerships.

Place special emphasis on working with **target populations** that experience elevated barriers to employment.

Provide **wrap around barrier removal and coaching services** that address a comprehensive continuum of issues such as housing stability, childcare, transportation, financial management, soft skill development, and mental health supports.

Assist job seekers in **obtaining a GED, credential, or industry-specific training programs** that align with high-demand fields; remedial education enhancement to increase the likelihood of obtaining higher paying jobs.

Youth Gun Violence Prevention and Reduction

Priorities and Goals of Funding

The City of Cincinnati has a vision that every Cincinnati neighborhood will be safe, thriving, and free from violence. The City seeks to address these challenges through strategic investment in data-driven, collaborative initiatives that can demonstrate measurable impact in reducing youth violence while building community resilience.

This RFP seeks proposals that align with Cincinnati's ["Achieving Change Together for Cincinnati"](#) framework.

Incorporate **Community and Place-Based Solutions**

Focus on **Key Neighborhoods:**

Over-The-Rhine, Avondale, West End, Winton Hills, Westwood, East Price Hill and Roselawn are the top neighborhoods of concern.

Reduce Accessibility of **Firearms to Youth**

Address **All Participants** in the Cycle of Violence and Their Support Systems

Provide **Economic and Social Stability**

City of Cincinnati ACT Plan

Pillar 1 - Thriving Neighborhoods: Organizations like [Santa Maria](#), [Save Our Youth Kings & Queens](#), [Seven Hills Neighborhood Houses](#), and [Urban League](#) directly implement place-based programming in Cincinnati's highest-violence neighborhoods, partnering with police districts, improving physical spaces, and building community capacity for problem-solving. Their work exemplifies the community investment and CPOP strategies that ACT identifies as essential for neighborhood transformation.

Pillar 2 - Reduced Accessibility of Firearms to Youth: While not directly removing guns from circulation, organizations like [Smart Cincy](#), [Cincinnati Music & Wellness Coalition](#), and [Cincinnati Black Theatre Company](#) provide the educational interventions and trauma-informed care that address root causes of youth firearm access. Their programming builds emotional regulation, conflict resolution skills, and positive alternatives that reduce the appeal of firearms for protection or status.

Pillar 3 - Improved Wellbeing: The mental health and family strengthening focus across organizations like [Children's Law Center](#), [Every Child Succeeds](#), [Cincinnati Children's Hospital](#), and [From Fatherless to Fearless](#) directly implements ACT's wellbeing pillar. These programs provide trauma-informed care, strengthen parent-child bonds, and connect families to essential services that build resilience against violence.

City of Cincinnati ACT Plan

Pillar 4 - Improved Youth Support: The extensive mentorship, after-school programming, and educational support provided by organizations like [Adopt A Class](#), [Cincinnati Youth Collaborative](#), [Cincinnati Works](#), [Peaslee](#), [Forever Kings](#), and [Never The Less Inc.](#) creates the comprehensive youth support system that ACT envisions. These programs provide structured alternatives during high-risk hours, connect youth to caring adults, and build skills for future success.

Pillar 5 - Evidence-based Policing Innovations: Organizations like [Urban League](#), [The Blue Line Foundation](#), and [Trazana A Staples Foundation](#) directly support ACT's policing innovation goals by implementing CPOP strategies, building police-community trust through programming like CITI Camp, and using data-driven approaches to target interventions. Their work strengthens the community-police partnerships essential for sustainable violence reduction.

Funded Application Strengths

- **Youth-Centered Engagement Strategies** - Programs consistently demonstrate innovative approaches to **meet youth where they are**, using mentorship, creative expression, and activities that resonate with their interests and experiences.
- **Trauma-Informed Interventions** - Most programs incorporate **trauma-responsive practices** that recognize and address the underlying experiences of violence exposure, with several featuring clinical partnerships and evidence-based healing approaches.
- **Family System Integration** - Strong emphasis on **engaging the entire family unit** rather than working with youth in isolation, recognizing that sustainable change requires supportive home environments.
- **Community-Embedded Services** - Programs show **deep connections to the specific neighborhoods** they serve, with staff often reflecting the community demographics and services delivered in accessible, familiar settings.

Funded Application Strengths

Innovative Youth Engagement: features programs that use creative approaches to directly engage youth, including:

- Mentorship programs (Adopt A Class, Cincinnati Youth Collaborative)
- Creative expression (Cincinnati Black Theatre Company, Price Hill Will)
- Career development (Boys & Girls Clubs, Sweet Sistah Splash)
- Sports and activities (FAST/Cincinnati Tennis Foundation) **new**

- Community-embedded services (Save Our Youth Kings & Queens **new**, Seven Hills)
- Data-driven targeting (Smart Cincy) **new**

Supporting, Securing, and Stabilizing Housing for High- Risk Populations

Priorities and Goals of Funding

The City continues to experience a critical shortage of affordable housing options, particularly impacting low-income households and historically marginalized populations. This persistent gap between housing availability and community need has created substantial barriers for vulnerable residents attempting to secure and maintain stable housing within our neighborhoods.

Projects that **intervene along the continuum** of housing stability and homelessness.

Projects that **emphasize barrier removal services** for obstacles that contribute to recurring homelessness.

Projects that **mitigate the strain resulting from the Public Housing Authority's shortfall status** and the resulting unavailability of housing choice vouchers.

Projects that **engage and partner with housing providers** and emphasize partnering with the City on addressing building and health code violations issues with partner landlords.

Other housing resources such as: Housing navigation services and Housing advocacy services.

Impact Award

Priorities and Goals of Funding

This Impact Award provides an opportunity to pursue an innovative, collaborative, bold strategy to address food insecurity as part of the City's overall gun violence prevention strategy that will promote thriving neighborhoods and improve physical and mental health for families.

Projects that prioritize community collaboration and include multiple organizations with one lead agency applicant.

Projects **MUST** benefit residents in three or more of the top 10 neighborhoods experiencing gun violence.

- OTR
- Avondale
- West End
- Winton Hills
- East Price Hill
- Westwood
- Roselawn
- West Price Hill
- Mt. Airy
- Walnut Hills

Projects in which the beneficiaries include 2 or more of populations experiencing high rates of food insecurity:

- Children in families of color
- Single parent/caregiver families
- Households with foreign born parents
- Families in which an adult has a disability
- People at high risk for experiencing social isolation

\$850,000 Total Investment

Priorities and Goals of Funding

Projects that can articulate how they can be sustained after this funding is over.

Also Include:

- Include a component of enrollment into SNAP or WIC for eligible participants.
- Include direct collaboration with (gun) violence prevention programs.
- Leverage partnerships and existing funds to implement, expand, and sustain the proposal.

Impact Award Summary

Three community-led networks (SAFE, Community Safety Learning Collaborative, and Neighborhood Changemakers Network) are partnering to address the interconnected issues of food insecurity and gun violence in Cincinnati through upstream intervention strategies.

- **Neighborhood Hub Network:** The project will establish 8 community-designed and resident-led food and resource hubs with embedded urban farms in neighborhoods experiencing high rates of both food insecurity and gun violence, creating sustainable local infrastructure.
- **Targeted Population Support:** The initiative will coordinate specialized food and support services for three priority groups - firearm injury survivors, system-involved youth, and public-school students - while building broader community capacity.
- **Systems Change Approach:** Beyond direct service, the project aims to drive citywide policy advocacy, narrative change through media storytelling, and structural improvements like transit accessibility to create lasting systemic transformation.
- **Data-Driven Learning Network:** The collaboration uses continuous improvement science methodologies with publicly available dashboards tracking an ecosystem of metrics from meal gap reduction to gun violence incidents, ensuring transparency and evidence-based decision making.

Thank You!
