Attached is an Ordinance captioned:

**AUTHORIZING** the City Manager to apply for, accept, and appropriate a grant of up to \$80,000 from the National Association of County and City Health Officials to strengthen the Cincinnati Health Department’s capacity to prevent and respond to healthcare-associated infections and antimicrobial resistance related to the Local Health Department Healthcare-Associated Infections and Antimicrobial Resistance Project; and **AUTHORIZING** the Director of Finance to deposit the grant funds into Public Health Research Fund revenue account no. 350x8571.

This Ordinance authorizes the City Manager to apply for, accept, and appropriate a grant of up to \$80,000 from the National Association of County and City Health Officials (NACCHO) to strengthen the Cincinnati Health Department’s capacity for healthcare-associated infections and antimicrobial resistance prevention and response related to the Local Health Department Healthcare-Associated Infections and Antimicrobial Resistance Project. This Ordinance further authorizes the Finance Director to deposit the grant funds into Public Health Research Fund revenue account no. 350x8571.

The objectives of the Healthcare-Associated Infections (HAI) and Antimicrobial Resistance (AR) project include supporting local health department capacity for HAI prevention and response, advancing local health department engagement in AR-related initiatives and activities, enhancing coordination and connection with the State Health Department HAI/AR programs, developing and identifying resources and best practices for other Local Health Departments (LHDs), and building strategic approaches to HAI/AR to address health equity.

There are no new FTEs/full time equivalents associated with this grant and no local match is required.

The Cincinnati Health Department applied for the grant on September 22, 2023, but no grant funds will be accepted without approval from the City Council.

Acceptance of the NACCHO grant is in accordance with the “Sustain” goal to “[b]ecome a healthier Cincinnati” as described on pages 181-192 of Plan Cincinnati (2012).

The Administration recommends passage of this Ordinance.
