## An Ordinance No. \_\_\_\_\_

- 2021

**REPEALING AND REORDAINING** the provisions of Chapter 401, “Water Works,” Section 401-76, “Service Charges,” Section 401-77, “Water Commodity Charges,” Section 401-78, “Charges for Fire Protection Services,” Section 401-81, “Charges to Political Subdivisions,” and Section 401-89, “Direct Fire Protection Charges,” of the Cincinnati Municipal Code for the purpose of revising the rate for water and related services furnished by the Greater Cincinnati Water Works, consistent with a water rate increase of 3.75% in 2022.

WHEREAS, the City Administration has recommended to Council the adoption of a 3.75% increase in water rates for 2022 and a 5.55% increase in each of 2023, 2024, 2025, and 2026 for the Greater Cincinnati Water Works (“GCWW”); and

WHEREAS, Council finds that implementation of a rate increase of 3.75% for 2022 is necessary and appropriate, pending further analysis and discussion as to GCWW’s future needs and the appropriate rate increases to fund those needs; and

WHEREAS, the one year 3.75% rate increase will help offset some increased costs of labor, materials, and supplies, but will not produce sufficient revenue to fully fund such programmatic goals as increasing the number of lead service lines replaced annually and implementing private lead service line replacement at no cost to the property owners; enhancements to customer service and leak detection through smart metering infrastructure; creating programs to address water affordability; and expanding GCWW’s capital improvement program, and may further impact GCWW’s AAA bond rating and access to lower interest rate infrastructure loans; now, therefore,
