

Place-Based Initiatives

City Manager's Office

Healthy Neighborhoods Committee 10/31

Table of Contents – Recent Successes

- Healthy Housing Support
 - Complex Code Enforcement Responses
 - Hoarding Disorder
- Improved Response to Homeless Encampments & Partnerships
- Collaboration with UC to improve quality of life and public safety in CUF neighborhood

Healthy Housing

Connecting residents with support and resources.

- House built in 1886 by family
- Passed down through generations
- Repairs would have been too costly
- Garden and land kept by family
- Through this intervention Jenny was able to remain in her family home post her lung surgeries.

"Every person & department we encountered during this process was respectful & efficient, **but most importantly kind, caring, & patient.**"

Jenny Wright Owner of 5109 Chapman.

Hoarding

Helping residents overcome challenges and achieve healthy homes.

- Working with residents engaged in hoarding to decrease clutter in their homes
- Designated trash pick-ups created so residents can work with Brooke to eliminate items weekly to make homes more livable
- Bi-weekly meetings with Brooke to review progress and to continue to offer in-home support

Improved Response to Encampments

Improving workflows and cross-departmental collaboration for the unhoused community.

- Decreasing the presence of CPD
- Increasing the presence of the CMO
- Incorporating a more human-centered approach
- Offering housing, social services, and time to relocate
- Collaboration with ARC and other City resources

UC Town & Gown Agreement

Enhancing collaboration between the City, UC, and community groups.

- Increased information sharing between UC and City Offices
- Building better bridges between the CUFNA residents, UC students, UCPD, CPD, and City Offices
