Who We Are

STARTUPCINCY: DRIVING OUR REGION'S NEW ECONOMY

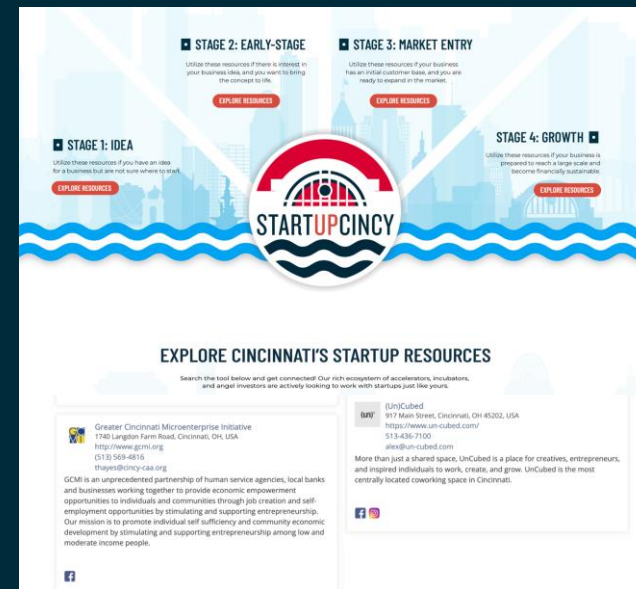

We're dedicated to helping Cincinnati entrepreneurs build their dreams. Whether you're just starting out or scaling up, you'll find everything you need to level up.

BROADENING PARTICIPATION IN THE INNOVATION ECONOMY

Each year, StartupCincy Week brings together thousands of entrepreneurs, investors, and corporations for a week of startup programs, networking, and community celebrations.

The Resource Compass is a collaboration with the City of Cincinnati to connect a broad community of entrepreneurs and micro-enterprises to support resources.

Join us in innovating for a cleaner city and more capable communities during the second annual Rethink Hack-a-thon to **rethink recycling**, this April 2023.

Cintrifuse and the City of Cincinnati are partnering for the 2023 Rethink Recycling Hack-a-thon, which will bring together our community, startup ecosystem, corporate stakeholders, and civic leaders to develop innovative solutions to address the recycling problems in the City of Cincinnati.
