MOTION

WE MOVE that operating funds from the FY 2023 budget update be allocated towards the following: \$800,000 to Home Base (to support community development corporations), \$50,000 to Wave Pool (to support programming for underserved communities), and \$37,749 to Westwood Civic Association (to support the Westwood DORA). WE FURTHER MOVE that \$50,000 additional in funds be allocated towards Continuing Legal Education for the City's Law Department staff. The administration should consider funding this through the remaining ARPA dollars (last year's tranche) or leveraged support funds.

WE FURTHER MOVE that \$500,000 of capital funds from the FY 2023 budget update be allocated towards site preparation and predevelopment work at the Grandview site in Price Hill.
