
HEIDI MECHLEY-FELTON

DEVELOPMENT STRATEGIES AND SOLUTIONS

Profile

For over 25 years, Heidi has been helping non-profit organizations fulfill their missions through development strategies and solutions. Heidi's areas of expertise include capital campaign management, major gift solicitation, donor engagement and event planning.

Heidi's development experience began with The Suddes Group where her clients included the Aronoff Center for the Arts, the Archdiocese of Milwaukee and Scranton Preparatory High School. She then launched her own company, concentrating on local non-profits including Mother of Mercy High School, St. Ursula Academy and the Cincinnati Civic Garden Center. As a proud mom of four children, Heidi has shared her skills by chairing the major annual fund-raising event at every local school her children have attended.
