CDPA

To establish a Global Climate Change Resilience Strategy, to authorize the admission of climate-displaced persons into the United States, and for other purposes.

CLIMATE-DISPLACED PERSON

Any person who, for reasons of sudden or progressive change in the environment that adversely affects his or her life or living conditions is obliged to leave his or her habitual home, either within his or her country of nationality or in another country; needs a durable resettlement solution and whose government cannot or will not provide such durable resettlement solutions.

Components

1. Data collection & reporting
2. Global climate change resilience strategy
3. Training of FSOs on CC resilience & humanitarian impacts
4. Admission of climate displaced persons
5. Authorization of appropriations
