Motion: 2025 Traffic Enforcement Review

January 20th, 2026

WE MOVE that, the Administration issue a report within sixty (60) days that:

- Outlines traffic citations overall and by neighborhood for 2025, and update the same for the previous four years;
- Shares how many 'traffic blitzes' there were in 2025 and the number of citations and stops for each traffic blitz;
- Outlines plans for 'traffic blitzes' and other plans for traffic enforcement in 2026;
- Shares the number of crashes that CPD responded to on Interstate Highways (I-74/75/71) within city limits in 2024 & 2025, including the total Full Time Equivalent (FTE) hours spent responding to those crashes and the subsequent follow-up.

STATEMENT

Speeding in the City of Cincinnati remains a challenge across neighborhoods. While City Council has invested significant funds in traffic calming measures such as speed humps and bump outs, enforcement of traffic laws is still needed in our neighborhoods. This report will help inform the public and City Council of what has been done and what the plans are for 2026.

Memorandum for the President

January 10, 1965

My first task as President of the University of Cincinnati was to visit the campus and meet with the faculty, the students, and the administrative staff. I was deeply impressed by the quality of the faculty and the high caliber of the students. I was also struck by the excellent facilities of the campus. I am confident that the University of Cincinnati is well positioned to meet the challenges of the future.
