Councilmember

October 25, 2022

MOTION

WE MOVE that any department with critical failing infrastructure, including our Departments of Public Services, Transportation and Engineering, Recreation, Parks, and Health, provide a list of their top ten projects with the greatest need. Criteria should include the following:

- Public and employee safety
- Accessibility and impact on the public
- Shovel readiness
- Equity and projects in underserved neighborhoods, including Neighborhood Revitalization Strategy Areas, CDBG Local Target Areas, and other areas that have been underserved

STATEMENT

As council moves to fill holes in our deferred maintenance gap, it is imperative that we know what specific neglected infrastructure exists in the city and what the most immediate need is. Not only must council know the monetary cost of deferred maintenance to the city, but the human cost as well.
