2023 GCP Pillars

Motion

The 2023 Green Cincinnati Plan should be centered on pillars of sustainability, equity, and resilience.

These tenets should guide the vision, goals, and strategies included in the Plan.

2023GCP Carbon Reduction Target

Motion

The 2023 Green Cincinnati Plan should establish a commitment and pathway to 50% emissions reduction by 2030, and 100% carbon neutrality by 2050.

Equity Framework Guiding Questions

- What is the community context (residents, culture, history) that must be considered?
- Who experiences the benefits of the decisions, projects, policies or practices? Who experiences the burdens?
- What are ways in which historical and structural decisions have contributed to the state of the Focus Area you are addressing?
- How can you ensure that you have the right mix of people involved?

GREEN CINCINNATI PLAN

Kickoff Event / Tuesday, May 31st • 6-8 PM

Cincinnati Zoo - Schott Education Center

Let's make a change together.

Join Mayor Pureval, Councilmember Meeka Owens, and the Office of Environment and Sustainability to kickoff the first in a series of community events to create a climate plan of action for our City!
