MOTION

May 23, 2022

WE MOVE that the Administration provide a REPORT on how the city can include fair wages and safe working condition clauses in development projects that receive a municipal benefit, rather than placing such requirements on a contract-by-contract basis.

BACKGROUND

The City of Cincinnati does not have any contractual wage or working conditions requirements in development projects that receive municipal benefits. The report requested through this motion would assist City Council in creating a policy that would provide clarity to developers.
