To Whom it May Concern,

We received the notice to property owners of Over-the-Rhine South special district assessment. After review, we believe our church as a practicing religious organization in good standing in the community since 1842 falls under the exclusion by law of our property being evaluated for this special assessment. If, however, our church is deemed subject to this special assessment, we object to this under constitutional grounds that this special assessment would be a government breach in our constitutional right to freely practice our religion.

Thank you for your consideration in this matter,
