STATEMENT

Council offices constantly receive inquiries from constituents regarding incidents that frequently occur on streets with inadequate public safety structures. Select roads (listed above) experience high volumes of traffic incidents due to speeding violations. The Department of Transportation Engineering supports issues of this nature through their Neighborhood Street Calming and Vision Zero Program if such streets meet the program's criteria. Other roadways, such as Route 50/River Road in Sayler Park, need significant maintenance repairs of road grading that stress daily commuter vehicles and cannot be supported under the street calming programs. Given the high level of concern, we ask that the listed streets are prioritized in the City's budget to be funded for appropriate repairs and/or upgrades.
