## MOTION

We move that the administration study and provide a report on traffic calming initiatives along Queen City Avenue, Westwood Avenue, Sunset Avenue, and Rapid Run Pike. This should include short-term measures and long-term measures. It should also include option for conventional two-way traffic on Queen City Avenue and Westwood Avenue

### BACKGROUND

The community of South Fairmont is hoping to grow and expand their business corridor along Queen City Avenue. The heavy flow of traffic and the car-centric infrastructure in this area is preventing a thriving business district from taking root and growing. By introducing traffic calming measures, this will hopefully encourage more pedestrian traffic and grow business along that corridor.
