MOTION

WE MOVE that the City and the Union agree to create a new leave code that specifically applies to follow-up appointments related to an employee's prior occupational cancer diagnosis. This leave code shall be available only if the employee meets the following criteria:

- The employee has an approved work-related claim on file for an occupational cancer diagnosis; and
- The employee has been cleared to return to full duty in their position; and
- The employee provides supporting medical documentation showing they attended a follow-up appointment with their treating provider specifically related to their prior occupational cancer diagnosis.
