# Overview

“Nearly half of all undergraduates in the United States attend community colleges, and with good reason. These open-access institutions serve a diverse student population with diverse needs. From recent high school graduates to adult learners, the affordability and flexibility offered by community colleges can help put any person’s educational and career goals within reach.”

American Association of Community Colleges

## Our Mission

Cincinnati State provides access, opportunity, and support in achieving success for individuals seeking exceptional technical, transfer and experiential/cooperative education and workforce training.

# Overview

## Our Vision

Cincinnati State advances the educational and economic vitality of our state and region as the college of choice.

## Our Values

As a College Community:

- Potential for Growth and Success – We respect each student’s background and celebrate their potential for personal growth and career success.
- Innovation – We support innovative approaches to learning. We anticipate and effectively respond to the changing needs of those we serve.
- Collaboration – We work together on behalf of our students and employers to meet community needs.
- Equity – We believe in contributing to a socially and economically equitable society. We honor the diversity and inclusiveness of our College community and strive to hear all voices.
- Experiential Learning – We promote experiential and lifelong learning.
