Subject: Finance and Budget Monitoring Report for the Period Ending October 31, 2021

The purpose of this report is to provide the City Council with the status of the City's Fiscal Year (FY) 2022 financial and operating budget conditions as of October 31, 2021, to note any significant variances, identify potential budget issues, and provide recommendations. The report is divided in two sections: revenues and expenditures. Various supplemental reports are attached to reflect forecasted revenue, actual revenue, expenditures, and commitments through October 31, 2021.

The following Citywide issues may impact the General Fund 050, Special Revenue Funds, and Enterprise Funds.

1. General Fund revenues are greater than projected by \$8.7 million through the end of October. However, this report highlights increased potential expenditure needs in the amount of \$12.0 million.
2. Cincinnati Fire Department attrition through October 2021 was four times higher than expected, which necessitated the use of overtime to backfill sworn positions. Additionally, Fire overtime usage has been further exacerbated by the use of sick leave as a result of the COVID-19 pandemic as well as mandatory leave related to non-attestation of COVID-19 testing under the City's COVID-19 Vaccination Policy for Employees and Onsite Contractors. The additional overtime need for Fire is currently projected at up to \$11.0 million.
3. Historically, Police and Fire lump sum payments have exceeded budgeted amounts due to the unanticipated retirements of long-time sworn public safety employees as well as actual attrition outpacing projections. Attrition and lump sum payments will be closely monitored. Supplemental appropriations may be required.
4. The Approved FY 2022 Budget included a 2.0% cost of living adjustment (COLA) for non-sworn employees (i.e., Non-Represented, American Federation of State, County and Municipal Employees (AFSCME), American Federation

of State, County and Municipal Employees Municipal Workers (AFSCME MWs), Buildings Trades, Teamsters, and Cincinnati Organized and Dedicated Employees (CODE)). A new AFSCME labor agreement was passed by the City Council on November 10, 2021, through Ordinance No. 0430-2021. Lastly, the collective bargaining agreement with CODE will expire during FY 2022. Negotiations will start with CODE closer to their contract's expiration date in March 2022. Any agreements that exceed budgeted COLA amounts and provide additional wage item increases may result in a budget deficit for departments. If necessary, a supplemental appropriation may be required.

5. The new AFSCME labor agreement through a Letter of Agreement included a one-time premium, also called hazard, payment in the amount of \$1,000 per employee to be paid in December 2021. Some of the payments to employees are eligible for reimbursement under the American Rescue Plan (ARP) Act based on guidance from the United States Department of the Treasury. The non-reimbursable payments may result in a personnel shortfall and may require a supplemental appropriation for certain departments. Eligible non-AFSCME employees will also receive a one-time hazard payment per Ordinance No. 0453-2021, but these expenses will be fully reimbursed and will not result in a personnel shortfall.
6. Community Health Center Activities Fund 395 revenues continue to be negatively impacted by COVID-19. Healthcare workers remain in high demand, which has resulted in a staffing shortage in nurses and medical assistants working in health centers. These staffing issues have impacted appointment availability and related revenue. The Cincinnati Health Department is continuing the hiring of temporary staff to alleviate staffing needs until the department can fill the permanent position vacancies. Revenue trends will continue to be closely monitored. American Rescue Plan Act reimbursements and Federal Emergency Management Agency (FEMA) reimbursements are being pursued for eligible COVID-19 related expenses.
7. Parking meter usage has not fully returned to pre-pandemic levels, which has negatively impacted revenue in Parking Meter Fund 303. However, many contractual service expenditures are based on revenue, so less revenue results in lower expenses in some cases. This will partially offset the reduction in revenue. The fund will be monitored closely to ensure expenditures do not outpace revenues.
8. The COVID-19 pandemic continues to impact supply chains and the costs of various goods and services. Departments report several areas of concern, including energy costs, water treatment chemical costs, vehicle repair and maintenance costs, and the supply of new vehicles. Trends in the energy sector show an increase in costs for natural gas, petroleum, etc. Water treatment

chemical costs have also increased as supply is impacted by transportation logistics issues. Supply chain issues have also resulted in the shortage of vehicle parts and semiconductor chips. Fleet repairs are becoming more difficult and more expensive in certain cases. The acquisition of new vehicles has also been affected by these issues. Fleet Services anticipates that new vehicles will be significantly delayed which may result in an operating budget need for vehicle leases until new vehicles become available and increased repair costs as older vehicles will remain in service for a longer than anticipated period of time. The supply chain issues are not expected to subside until the summer of 2022. These issues will be monitored closely for budgetary and operational impacts.

REVENUE

The following section provides an update on the City of Cincinnati's financial condition as of the month ending October 31, 2021. Variances are based on current year estimates and prior year activity in the attached schedules.

A more detailed explanation of revenues is attached for review, including reports comparing current year actual revenue versus forecasted revenue and prior year actual revenue versus current year actual revenue. Both of those reports are presented on a monthly and year to date basis.

I. GENERAL FUND 050

The chart below portrays the performance of actual revenue collected against the forecasted revenue collected through October 31, 2021 and shows that actual revenue of \$161.7 million was above forecasted revenue of \$153.0 million by \$8.7 million.

The major revenue components of the General Fund are listed in the table below. This table highlights the year-to-date variance (favorable and unfavorable) in General Fund revenue collections as compared to forecasted revenue collections. Each major category that differs significantly from forecasted collections will be discussed in further detail.

GENERAL FUND REVENUE SOURCES		
	FAVORABLE VARIANCE	(UNFAVORABLE) VARIANCE
General Property Tax	\$1,885,361	
City Income Tax	\$4,362,780	
Admissions Tax	\$1,129,322	
Short Term Rental Excise Tax	\$155,439	
Licenses & Permits	\$605,606	
Fines, Forfeitures, & Penalties	\$59,773	
Investment Income	\$367,592	
Local Government	\$877,369	
Casino	\$1,149,373	
Police		(\$136,667)
Buildings and Inspections	\$193,464	
Fire	\$52,740	
Parking Meter	\$200	
Other		(\$1,955,773)
	\$10,839,019	(\$2,092,440)
Difference	\$8,746,580	

General Fund (favorable variance) is \$8.7 million above the amount forecasted through October in the FY 2022 Budget. What follows is an explanation of significant variances of individual General Fund revenue components.

- 1. General Property Tax (favorable variance) is up \$1.9 million.** Revenue is currently greater than projected as a result of higher assessed property values utilized by the County Auditor. However, since the millage rate is lower starting in CY 2022, property tax revenue is expected to be at or near the estimate.
- 2. Income Tax (favorable variance) is \$4.4 million** above the forecasted amount. Business refunds requested in October were lower than budgeted thus resulting in more net revenue than expected in October. The amount of withholding refunds due in the spring of CY 2022 are still unknown, which could affect the variance. Administration is still watching income tax trends very closely due to the shift to remote work.
- 3. Admissions Tax (favorable variance) is up \$1.1 million.** The FY 2022 estimates are conservative due to the unknown level of response to the ongoing pandemic. The return of events since the pandemic and new entertainment venues have both contributed to the favorable variance.
- 4. License & Permits (favorable variance) is \$606k** above the forecasted estimate. Building permits are trending toward pre-pandemic levels. The FY 2022 estimate was conservative. Administration will continue to monitor the activity.
- 5. Local Government Fund (favorable variance) is up \$877k.** The favorable variance is the result of increased revenue collection from the State of Ohio General Revenue tax sources.
- 6. Casino (favorable variance) is \$1.1 million** above the forecasted amount. The casino revenue is outperforming current estimates, which have been set at pre-pandemic levels.
- 7. Other (unfavorable variance) is \$1.9 million** below forecast. This category is made up of many small sources of revenue that fluctuate from time to time. Finance will continue to monitor these various revenue sources.

II. RESTRICTED FUNDS

- A. Parking System Facilities (favorable variance) is up \$230k.** Above estimate Parking revenue reflects more venues and businesses opening back from the pandemic and more patronage around the City. The Fiscal Year estimates are

conservative due to the uncertainty of the COVID-19 variants.

- B. Municipal Golf (favorable variance) is \$792k** above the forecasted amount. The Cincinnati Recreation Commission has experienced an increase in the utilization of the golf courses as the weather was more than favorable this summer and fall for the sport.
- C. Recreation Special (unfavorable variance) is down \$592k.** The Cincinnati Recreation Commission has experienced a reduction in revenue due to the cancellation of some team sports due to a shortage of game officials.
- D. Hazard Abatement (unfavorable variance) is \$328k** below the forecasted amount. The Vacant Buildings Maintenance License revenue is down due to the increased number of license waivers requested during the pandemic. In addition, Vacant Foreclosure License revenue is below estimate as a result of the reduced number of foreclosures processed during the pandemic.

EXPENDITURES

The following provides an update on the City of Cincinnati's operating budget position as of the month ending October 31, 2021. The attached Fund Summary Report provides the current budget, expenditures, and commitments of each appropriated fund. This report is presented on a year to date basis.

I. GENERAL FUND 050

As shown on the attached report, total expenditures are 30.4% of budget, and commitments are 36.0% of budget in the General Fund 050 as compared to the estimated period ending October 31, 2021, or 33.3% of the fiscal year. "Non-personnel expenses" are trending higher at 56.0% committed year to date due to encumbering twelve months of expenditures for certain commodities such as gas and electric costs, contractual services, and materials and supplies. This is not unusual for this reporting period.

The majority of departments have indicated their FY 2022 General Fund 050 appropriation will meet their budgetary needs through the end of the fiscal year. However, budget transfers may be necessary to move funds from divisions and programs with savings to others within the respective departments that have budget needs. These transfers will be included in the Final Adjustment Ordinance (FAO), which will be presented to the City Council in May 2022.

A. Budget Savings Identified

At this time, no General Fund 050 departments are projecting a savings at the end of FY 2022. Any savings identified will be available to support budget needs in other departments and programs as necessary. Interdepartmental transfers of funds from one department to another will be included in the FAO as appropriate.

B. Budget Needs Identified

Based on current expenditure projections, the following General Fund 050 departments are forecasting a budget need in FY 2022. The departments have been advised to manage their appropriated resources so that supplemental appropriations will not be required. However, the Administration will continue to closely monitor these budgets in the coming months and work with the respective departments to mitigate the need for supplemental appropriations. As appropriate, any remaining budget needs will be addressed in the FAO.

1. Cincinnati Fire Department (\$11.0 million)

Through October 31, 2021, attrition has trended four times higher than expected due to unanticipated sworn separations. Increased attrition has necessitated the use of overtime to backfill vacant positions. Additionally, the COVID-19 pandemic continues to impact sick leave usage. Sick leave pay has increased nearly 30% compared to pre-pandemic levels. This is due to COVID-19 diagnoses, exposure, mandatory quarantine periods required while waiting for test results, or mandatory leave due to non-attestation of testing under the City's COVID-19 Vaccination Policy for Employees and Onsite Contractors. COVID-19 related sick leave has been further exacerbated by the close living and working conditions of sworn staff in fire houses. However, overtime is expected to decline starting in December 2021 after Recruit Class #118 graduates. If overtime trends do not curtail, the Cincinnati Fire Department projects a need of up to \$11.0 million by fiscal year end due to higher than anticipated lump sum payments and increased overtime. These items have also impacted wage-based fringe benefit expenses. Both the department and the Office of Budget and Evaluation will continue to closely monitor staffing trends and overtime needs. Lastly, the department also indicated a potential non-personnel need related to COVID-19 related supply chain issues, which have impacted the cost of materials and supplies.

2. Cincinnati Police Department (\$1.0 million)

The Cincinnati Police Department projects an overall need of \$1.0 million due to increased overtime as the result of higher rates of sworn position vacancies and the request for additional Police Visibility Overtime (PVO). Due to the increased vacancy rate, higher levels of overtime are expected for the remainder of the fiscal year. It is anticipated that increased position vacancy savings will partially mitigate these increased costs. The total liability will be adjusted as the fiscal year

progresses. Lastly, lump sum payments have exceeded expectations due to higher levels of retirement. The total budget impact of these increases will be closely monitored.

C. Within Budget, Intradepartmental Budget Transfers May Be Needed

Numerous General Fund 050 departments have indicated the ability to manage their resources within their appropriation. However, budget adjustments within their departments may be required. These transfers are referred to as Intradepartmental Budget Transfers. Unless noted otherwise, these Intradepartmental Budget Transfers will be included in the FAO, which will be presented to the City Council for approval in May 2022.

The Clerk of Council's Office projects no budget savings or need at this time.

3. City Manager's Office: Office of Communications

The Office of Communications projects no budget savings or need at this time.

4. City Manager's Office: Office of Human Relations

The Office of Human Relations projects a \$14,000 need related to the final pension obligation payment to the United Way for Community Outreach Advocates. This is a one-time need; it is expected that this need can be offset by vacancy savings in the City Manager's Office.

5. City Manager's Office: Office of Budget and Evaluation

The Office of Budget and Evaluation does not project a savings or need at this time, pending reimbursement processing.

6. City Manager's Office: Emergency Communications Center (ECC)

8. City Manager’s Office: Office of Procurement

The Office of Procurement projects a possible contractual services need due to the Law Department billing for collection fees, which was not budgeted. This need will be monitored.

The Office of Performance and Data Analytics projects no budget savings or need at this time.

10. City Manager’s Office: Internal Audit

11. Department of Law

The department incurred some unplanned non-personnel expenses related to outside counsel on various cases. Council passed Ordinance No. 0466-2021 on December 8, 2021, which transferred \$35,000 within the General Fund to the Department of Law to address this need. At this time, the Department of Law projects no budget savings or need for FY 2022.

12. Department of Human Resources

14. Department of Community and Economic Development (DCED)

The Department of Community and Economic Development projects no budget savings or need at this time.

15. Department of City Planning and Engagement

The Department of City Planning and Engagement projects no budget savings or need at this time. However, a potential non-personnel need may arise due to membership fees and postage. Additionally, the department may not be able to fully meet their budgeted reimbursements by fiscal year-end due to unexpected position vacancies, which would create a personnel shortfall as well.

On August 4, 2021, the City Council passed Ordinance No. 0331-2021 to transfer the Zoning Administration Division from the Department of Buildings and Inspections to the Department of City Planning and Engagement. The division transfer was effective October 3, 2021. The General Fund resources associated with this division will be monitored closely for the remainder of FY 2022.

Overtime has increased due to position vacancies and related hiring timelines. The department will continue to monitor overtime trends and position vacancy allowance.

20. Department of Transportation & Engineering

The Department of Transportation and Engineering projects savings and needs within the department's appropriation. The department is behind on processing reimbursements. The department will continue to monitor all expenses but is confident that any needs can be settled within their current appropriation.

21. Department of Public Services

The Department of Public Services reports neither a need nor a savings in the General Fund. Although the department anticipates personnel savings due to position vacancies, these savings may be partially offset by increased utility costs due to stormwater rate increases. Over the previous three calendar years, stormwater rate increases have resulted in expenses outpacing budgeted resources for utility expenses at city-owned buildings. Based on current billings, utility expenses could create a budget need of approximately \$45,500. These savings and needs will be monitored closely as the fiscal year continues.

22. Department of Economic Inclusion

The Department of Economic Inclusion previously projected a non-personnel need related to a prior year leveraged support obligation that required the use of the majority of their FY 2022 non-personnel appropriation. However, the department has realized position vacancy savings to partially offset this need. Council passed Ordinance No. 0466-2021 on December 8, 2021, which transferred personnel savings to non-personnel to partially address the prior year leveraged support obligation. Any remaining needs will be addressed in the FAO.

II. ENTERPRISE FUNDS

Enterprise Funds account for any activity for which a fee is charged to external users for goods or services. If an activity's principal revenue source meets any one of the following criteria, it is required to be reported as an enterprise fund: (1) an activity financed with debt that is secured solely by pledge of the net revenues from fees and charges for the activity; (2) laws or regulations which require that the activity's costs of providing services, including capital costs, be recovered with fees and charges, rather than with taxes or similar revenues; or (3) pricing policies which establish fees and charges designed to recover the activity's costs.

Based on expenditures and revenues through October 31, 2021, most special revenue funds are on target with regards to their budget and require no additional appropriations at this time.
