

May 25, 2022

TO: Mayor and Members of City Council
FROM: John P. Curp, Interim City Manager 
SUBJECT: **EMERGENCY ORDINANCE—Special Assessment for City Urban Forest Maintenance District**

202201232

Attached hereto, is an emergency ordinance captioned:

DETERMINING to proceed with a special assessment for the Urban Forestry Program for the calendar year 2023, for the control of blight and disease of shade trees and for planting, maintaining, trimming, and removing shade trees in the public right-of-way in the City of Cincinnati's Urban Forestry Maintenance District.

The Urban Forestry assessment must be enacted by City Council every year to assure funding for street tree maintenance and planting. An ordinance must be approved by City Council to proceed with the street tree program in accordance with the resolution of necessity previously passed by City Council.

March 30, 2022, the Council of the City of Cincinnati passed Resolution 42-2022 pursuant to Ohio Revised Code (O.R.C.) declaring the necessity of assessing \$0.31 per front foot for the control of blight and disease of shade trees within the public right-of-way. No objections were filed to the special assessment pursuant to O.R.C. Section 727.15. During the notification period Forestry addressed seven assessment inquiries, identifying and correcting the front footage assessment for three property parcels based upon feedback from the Department of Transportation and Engineering.

This transmittal is the second step of a three-step process to establish the special urban forestry assessment for the City of Cincinnati for 2023.

The Administration recommends the adoption of this emergency ordinance.

cc: John E. Neyer, Interim Director of Parks
C. Courtney, R. Hunt, C. Sherman

Attachment I – Emergency Ordinance
