# CAMP WASHINGTON OVERVIEW

# VISION

- Due to the availability of large affordable spaces Camp Washington has become the mecca for artists!
- Our vision is to be the Maker Community to Cincinnati like River Arts District is to Asheville and the Buchanan Arts District is to Nashville.
- We want tourists and residents to know that they can come to Camp Washington for a ceramics class, a woodworking lesson, or even give glass blowing a try.
- Mainly, we want artists and makers to know that they have a home in Cincinnati.
