Access to Capital Bootcamp: Supporting MWBE Firms

12/10/2024

Context Behind the Need:

Supporting Local Entrepreneurs

- The 2023 Disparity Study determined that Minority Women-Owned Businesses no longer qualify as WBE or MWBE with the City.
- As a result, active certifications for these businesses were revoked.
- Recognizing the impact, the City identified a critical need to assist local businesses affected by these changes while initiating a new study.
