Subject: Emergency Ordinance for the Interim Development Control Overlay District No. 88, "Surface Parking in the Downtown Development Zoning District"

Transmitted is an Emergency Ordinance captioned:

ESTABLISHING Interim Development Control Overlay District No. 88, "Surface Parking in the Downtown Development Zoning District" as an overlay district for a period of three months, pursuant to Chapter 1431, "Interim Development Control Overlay District Regulations," of the Cincinnati Municipal Code.

The City Planning Commission recommended approval of the IDC 88, Surface Parking in the Downtown Development Zoning District, at its September 16, 2022 meeting.

Summary:

In September 2022, Council Member Mark Jeffreys introduced legislation to amend certain zoning code provisions governing development in the DD, "Downtown Development," zoning district to study the potential impacts of surface parking lots and make recommendations for potential zoning code text amendments. On September 15, 2022, City Manager Sheryl M. M. Long directed the Department of City Planning and Engagement (DCPE) to conduct a zoning study and propose an Interim Development Control (IDC) Overlay District over the Downtown Development zoning district for the duration of the study.

The City Planning Commission recommended the following on September 16, 2022, to City Council:

DIRECT the Department of City Planning and Engagement to undertake a zoning study within the boundary of the DD zone as shown in Exhibit A; and,

ADOPT the Department of City Planning and Engagement staff findings that the proposed IDC Overlay District is in compliance with Cincinnati Zoning Code Section 1431-05, Establishment of IDC Overlay Districts, as discussed on pages 1 – 3 of this report; and,

RECOMMEND that City Council establish Interim Development Control (IDC) Overlay District No. 88, Surface Parking in the Downtown Development Zoning District, for a period of three months, finding it to be in the interest of the general public's health, safety, and welfare during the course of the Department of City Planning and Engagement study, which recommendation includes:

Appointing the Department of City Planning and Engagement as the designated administrative reviewer under the IDC; and

Adoption of the IDC permit application list and review guidelines in Exhibit B entitled “Regulations and Application Review Guidelines for Interim Development Control Overlay District No. 88, “Surface Parking in the Downtown Development Zoning District,” and Designation of Administrative Reviewer.”
