Human Services Funding Realignment for FY2025

WE MOVE that the administration realign Human Services Funding in the following ways:

- Increase the funding to Housing Programs by \$34,426 on top of the current projected overage. Bringing the total allocation to \$1,391,803.20.
- Withhold the allocation of \$2,244,884.02 and have those funds remain in the City Manager's Office Non-Personnel Operating Budget, to ensure that these funds are not encumbered, until further guidance from the Council is provided.
