

Date: September 7, 2023

To: Mayor and Members of City Council
From: Sheryl M. M. Long, City Manager 
Subject: ORDINANCE – ODOT TRAFFIC DETOUR - US 50

202301956

Attached is an ordinance captioned as follows:

AUTHORIZING the City Manager to take all necessary and proper actions to cooperate with the Director of the Ohio Department of Transportation to facilitate the performance of traffic control operations associated with maintenance activities for bridges located on United States Route 50 in connection with the Ohio Department of Transportation's maintenance project in the City of Cincinnati.

The Ohio Department of Transportation (ODOT) has identified the need to perform maintenance activities as part of its maintenance project for bridges along United States Route 50 which may include the need to perform traffic control operations and provide for a detour of traffic located in the City of Cincinnati (PID No. 110570).

No City right-of-way is required for the Project other than temporary access to City parcels and there is no change in use to City streets arising from the Project.

The State of Ohio will provide 100% of the eligible cost of the work.

The State of Ohio has requested that all necessary right-of-way in the Project area be made available for the Project in accordance with current state and federal regulations.

The City's Department of Transportation & Engineering has reviewed the proposed project.

Any changes to the street layout or right-of-way are subject to review and approval by the City Planning Commission, but no such changes have been identified at this stage of the Project.

The State of Ohio and the City desire for the City to continue its existing maintenance responsibilities of the right-of-way in the Project area for public highway purposes, as applicable, and other duties required by applicable state and federal law, upon completion of the Project.

The Administration recommends passage of the attached ordinance.

cc: John S. Brazina, Director, Transportation and Engineering
