MOTION

WE MOVE for City Council to allocate \$3,000,000.00 to the Department of Transportation and Engineering (DOTE) to install street calming measures throughout the City of Cincinnati including, but not limited to: Erie Avenue in Hyde Park near District 2, Reading Rd in Paddock Hills, Purcell Avenue in East Price Hill, and Sycamore Hill in Mt. Auburn, and to complete Vision Zero projects as shown on the attached document.

WE FURTHER MOVE that the Administration consider for funding sources the American Rescue Plan Act and/or the federal funds to be allocated to the City for infrastructure.

Councilmember Jan-Michele Lemon Kearney

STATEMENT

Cincinnati residents have expressed the need for pedestrian safety in their neighborhoods. According to a report by the Ohio Department of Transportation that analyzed fatal and serious injury pedestrian crashes from 2009 to 2018, Cincinnati has the highest crash rate per population and the highest crash density per square mile in Ohio.

The Department of Transportation & Engineering's (DOTE) Vision Zero is a comprehensive strategy that works to improve street safety for pedestrians with the goal of eliminating all traffic-related deaths and injuries. In order to complete the infrastructure projects tied to Vision Zero, we must ensure that DOTE has sufficient funding. The source of funding should be from the American Rescue Plan Act, or in the alternative, federal funds to be allocated to the City for infrastructure.

See the attached document for the Vision Zero Project List 2020-2021.
