AWB

REPEALING AND REORDAINING the provisions of Chapter 401, "Water Works," Section 401-76, "Service Charges," Section 401-77, "Water Commodity Charges," Section 401-78, "Charges for Fire Protection Services," Section 401-81, "Charges to Political Subdivisions," and Section 401-89, "Direct Fire Protection Charges" of the Cincinnati Municipal Code for the purpose of revising the rates for water and related services furnished by the Greater Cincinnati Water Works, consistent with annual water rate increases of 3.75% in 2022 and 5.55% in each of 2023 through 2026.

WHEREAS, the City Administration has recommended to Council the adoption of a 3.75% increase in water rates for 2022 and a 5.55% increase in each of 2023, 2024, 2025, and 2026 for the Greater Cincinnati Water Works ("GCWW") to provide for the annual replacement of 1% of system infrastructure per the Smale Commission recommendations, enhanced customer service and leak detection through advanced metering infrastructure, meeting updated requirements of the U.S. Environmental Protection Agency Lead and Copper rule, and addressing issues of water affordability; and

WHEREAS, this multi-year rate increase is necessary to support GCWW's multi-year bond issue for FY 2022 through FY 2026, which bond issue will take advantage of the currently favorable bond market while refunding existing debt and issuing new debt; and

WHEREAS, the multi-year rate increases and bond issue will result in substantial financing cost savings to GCWW and allow Cincinnati's water rates to remain substantially below industry averages; now, therefore,
