## HEALTHY NEIGHBORHOODS COMMITTEE

- 30. MOTION**, submitted by Vice Mayor Kearney and Councilmembers Parks and Walsh, **WE MOVE** that the City Administration create a bonding program for MBE and WBE contractors who have proven themselves with the City through previous project completions in order to overcome one of the major barriers to equitable opportunities. The City Administration should consider self-bonding, working with bonding agencies and/or co-signing for first-time bonds when the MBE and WBE company meets the City's pre-determined qualifications such as *successfully* completing projects for the City totaling at least \$1 million and limiting the upper end of our bonding threshold. Successful completion of projections should be clearly defined as approval by the City Manager's Office. **WE FURTHER MOVE** that City Council receive a report at quarterly on MBEs and WBEs that have participated in the City's bonding program, and the status of the projects, in order to assess the efficacy of the City's bonding program. Specifically, we ask the Administration to create a bonus incentive that increases the maximum abated amount in market improvement value of a residential multi-family unit located on a public transit line. The incentive should increase the maximum abated market improvement value on a per unit basis, so that a two-unit building has an additional incentive of \$75,000, a three-unit building has a higher additional incentive of \$150,000, and the four-unit building has the highest additional incentive of \$225,000. This should be called the "Public Transit Corridor Incentive." This bonus will double the abatement amount of residential multi-family developments when paired with the "Missing Middle Bonus," further incentivizing much needed two, three, and four family units along public transit corridors.
