- 38. MOTION**, submitted by Councilmember Goodin, Vice Mayor Smitherman, Councilmember Sundermann, Kearney, and Keating, New 5G mobile communications technology has necessitated the deployment of thousands of small cell system towers throughout the United States. Such

[202101145](#)

towers are now being deployed in Cincinnati neighborhoods. Accordingly, **WE MOVE** that the Administration advise Council regarding all potential methods of regulating 5G small cell system towers under the City's Municipal Code, Administrative Code and Zoning Code.

Referred to Education, Innovation & Growth Committee

- 39. MOTION**, submitted by Councilmember Goodin, Vice Mayor Smitherman, Councilmember Sundermann, Keating and Kearney, During the COVID-19 pandemic, Cincinnati workers have adopted remote working at an amazing pace. Many routine office activities have been replaced by video conferencing and digital access to documents. While these innovations have kept our economy moving, they also present a looming crisis for Ohio's cities. More than 70 percent at Cincinnati's revenue is derived from its earning tax, and a significant portion of that percentage is derived from non-City residents who formerly worked in downtown offices. Recent litigation and potential legislation have called into question our ability to tax those workers in the long term. These actions notwithstanding, many businesses may simply choose to close their offices or reduce their physical footprint in the City, thus shrinking the tax base over time. Accordingly, **WE MOVE** that the Administration prepare a report outlining the loss in revenue to the City per annum if, variably, 10, 20 or 30 percent of non-resident City workers would no longer be subject to the City's earning tax.

- 42. MOTION**, submitted by Councilmember Keating, Mann, Sundermann and Kearney, Our small businesses have suffered from the negative impacts of COVID-19 at a disproportionate level. The City of Cincinnati is to receive \$290 million from the American Rescue Plan, President Joe Biden's \$1.9 trillion coronavirus stimulus bill. **WE MOVE** that the City Administration prepare a REPORT on how much money, of the \$290 million from the American Rescue Plan, that the city could feasibly set aside to aid the small business community in their COVID-19 recovery efforts. This approach needs to be a two-pronged effort that not only targets specific small businesses but also takes a blanket approach to focus on providing aid to neighborhood business districts. Therefore, **WE FURTHER MOVE** that the City Administration prepare a REPORT on how much money of \$290 million from the American Rescue Plan, that the city could feasibly set aside to identify and aid the neighborhood business districts that have been most negatively impacted by the COVID-19 impact. **WE FURTHER MOVE** that the City Administration prepare a REPORT on the eligibility requirements in which small businesses and neighborhood business districts would need to meet in order to qualify for relief through the city. These funds would be utilized to assist in the recovery from the losses our small businesses and communities have endured due to the COVID-19 Pandemic.
