MOTION, dated 10/27/2020, submitted by Councilmember Landsman, Sittenfeld and Kearney, **WE MOVE** that the Administration conduct a zoning study on the high-frequency and 24-hour transit corridors proposed by Reinventing Metro and provide a report to Council within 60 days. The study should focus on updating zoning rules along these corridors to provide flexibility on density and parking minimum requirements to increase neighborhood investments. By conducting a zoning study, we can determine how to best attract new residents and help existing Cincinnatians live closer to those express routes. Attachments: 24-hour route map and letter from partners.
