**MOTION**, submitted by Councilmembers Walsh, Harris and Parks, **WE MOVE** that the Administration provide a report within ninety (90) days regarding the process of replacing trees planted in the rights-of-way around the City that have damaged adjacent sidewalks and other private properties. This report should include the plan and current status for replacing all trees in the right of way that cause damage to the surrounding sidewalk including a timeline for replacement and projected cost to property owners and possible funding sources from the City to mitigate the cost.
